

we are
growing

Barrington
all together easy shopping

Exciting times are ahead at Barrington Shopping Centre!

Our carpark entrance into the Centre off Athelstan Street has now closed temporarily and we have begun redevelopment works on the new extension to the Centre.

Access to the carpark can be gained off Simeon Street, with plenty of free car parking available.

We also have a new temporary entrance into the Shopping Centre through the side of Fresh Choice Supermarket. This entry allows access to all of the other shops in the Centre, including Richard Suckling Optometrists and Unichem Barringtons Pharmacy.

Access to Curves, the TAB and NZ Post can still be gained from either the outside footpath off Athelstan Street or from coming through the Centre and then out the doors where NZ Post is.

Moda Bella Shoes have also relocated to a temporary shop in the main mall common area next to Get Roasted.

Redevelopment works to the new toilet block and parent's room are underway and these are expected to be completed by the end of July. The temporary toilet facilities are located on the Barrington Street carpark side, outside next to Café Mosaic.

Keep a look out in this paper for further updates over the coming weeks!
